10. Unworthy / Undeserving
11. Rigid Beliefs
12. Conflicting Beliefs

Every Perception Index (PI) is topic specific. Excess or imbalanced voice energy indicates personal perception of the topic.

- Red indicates a zone with a level four excess or extreme imbalance.
- Yellow or Orange indicates a zone with a level three excess or high imbalance.
- Green indicates a zone with a level two excess or medium imbalance.
- Blue indicates a zone with a level one excess or low imbalance.
- Black shows overall voice energy imbalances.
- Gray shows the entire voice energy across all zones.
- White shows offsetting zones containing lower amounts of voice energy.
